Northern Explorers Canoe Camps

Ages 10 - 14

The Northern Forest Canoe Trail is a 740-mile waterway traverse from Old Forge, New York to Fort Kent, Maine. After a successful launch of this program in 2011, NorthWoods will team up again with the NFCT to lead these adventures in VT and NH.

The Journey: Explorers prepare for the journey at the NorthWoods campus, test their team on the challenge course, then head to the river. Here, explorers practice in-depth outdoor skills, wilderness ethics, and campcraft, and gain a new perspective on the cultural significance of these waterways.
